

CAMBRIDGE ZERO₂

Dr Amy Munro-Faure

Head of Education and Student Engagement

UNIVERSITY OF
CAMBRIDGE

Education

"Cambridge Zero aims to enhance lifelong education in a holistic way and embed sustainability so that education and training provide the skills people need to deliver a different future."

Education

- 1) Translating cutting edge climate research into impact by embedding it holistically within education systems internationally and nationally.
- 2) Formal teaching and learning at the University of Cambridge
- 3) Co-curricular programmes for University of Cambridge students

Education

- 1) CUP&A/CZ Geography & Engineering Convocations
- 2) CUP&A India Climate Literacy Project
- 3) ActNowFilm Project

Formal teaching and learning at the University of Cambridge

- Climate Teaching Fellow in the School of Clinical Medicine
- Curriculum review of the first year Chemical Engineering and Biotechnology degree
- Cambridge Climate Society Education Project

Cambridge Climate
Society

UNIVERSITY OF
CAMBRIDGE

CAMBRIDGE
ZERO₂
